<p>I've heard John Travolta lives near Putnam. Brian Denehy has a home in Woodstock; Paul Newman and Joanne Woodward have been seen at Still River Antiques in Phoenixville; Joanne was buying linens and old costumes and poor Paul indulged her by loading stuff on the roof rack of the Volvo wagon. Of course, Paul sponsors the Hole In The Wall Camp in Ashford and has for nearly 30 years. Spies have seen him enjoying a Bernice Original at Shady Glen. Maybe Oprah will come and do a segment on our little corner of southern New England.</p>

<p><a href="#">The home in Windham Center belonged to a screen writer who used to (perhaps still does) write for the various Law&amp;Order series. I have heard that his wife was a member of the NY Ballet.</a></p> <p><a href="#">Renee Zelwinger (sp) recently married/unmarried to country singer Kenny Chesney has a home in Pomfret.</a></p> <p><a href="#">I have also heard that Ron Howard has a CT home.</a></p> <p><a href="#">Susan St James lives in Litchfield.</a></p>

<p><a href="#">Mamabear, The screenwriter is Robert Palm, well known to his Windham Center neighbors like the McGraths, as a very personable gentleman, to say the least. I'm not sure if Robert is still residing in Windham Center. I certainly hope he is. John and Barbara McGrath, Murphy Sewall and Virginia Fulton, and Barbara and Andrew Gibson, some of his neighbors, would know.</a></p>

<p><a href="#">Mr. Palm's house was for sale for a while, but whether or not it got sold is unclear. Ferrigno Realty had the property... The sign was up for a month or so... One day it was lying on the ground and then it was gone... There never was any indication that there was a "Sale Pending" or that it was "Under Contract". Used to see the recycling box out on Thursdays, but haven't seen it lately.</a></p>

If it's the same car he had a number of years ago, that Volvo wagon Paul Newman drives around has a supercharged Ford V-8 under the hood.

Lester Foster a wonderful singer and His son Lefty are alive and we all known them. Both have been very very generous in Willimantic.

I am proud to have done business with the Two and learned a great deal of good information about business.

Lester was a singer playing all over new england and Lefty is all over the world.

Local lads made good

Speaking of the Fosters , I've recently re-established contact with Lester's son and Lefty's brother Michael Foster , who has been a professional musician/singer/songwriter/guitarist for 3 decades . He's still recording and living down in Florida . Talented family !

Frank Kamplain who recorded on the Victor and Brunswick record labels lived with wife, Ann, on Coventry Lake. Ann is still living at the nursing home in Windham Center and will be 101 years young next March. They were very good friends with Hank Keene. For those that don't know, Keene was a real estate broker in the area and developed Coventry Lake along with OH Smith; He had a program on WTIC radio in the 1930s, "Hank Keene and His Connecticut Hillbillies"; he died within the past decade in Stuart Fla.
